(May 4, 2018 09:06 AM)Ferruccio Lamborghini Wrote: [\[CITE\]](#) Alright so i've received the vouch copy of the basic package and here is my review.

I want to start off by vouching that this is indeed legit unique to HF, i haven't seen a method similar to this and it's pretty clever.

I also want to state out that the method is whitehat to do but a minor part of the method is grayhat, considering getting resources, it's not some kind of business setup it's an actual method.

The method is indeed autopilot after setup so the claim that it's a semi autopilot method is fact aswell so that's a big plus due to that i want to spend my time outside with this weather instead of grinding online to earn a few bugs

The method is somewhat advanced but if you are smart or get the mentoring package you'll be fine setting up without doubts.

Monetizing speaking this will earn you \$100+ /day atleast at this point, i see this becoming saturated overtime in a year orso from now when more people caught up on this but for now your good to go and it's a smart investment if your looking for a decent online income.

I don't expect that i'll be spending much time daily on it since it's pretty much autopilot after setup, overall i vouch for this method and it's a wise investment.

No skills required.

Yes the method is performed online only.

About an hour, maybe a bit longer.

It's very scaleable.

Because you are basicly asking for free mentoring, i've already given you a free vouch copy which is the Basic package and does not include mentoring.

If you want to know my tricks to max your earnings then purchase the mentoring package and i'll be glad mentoring you through everything.

The dude is trying to scam, he knows that the method earns decent cash like everyone else is earning he's just trying to trick to get a refund aswell cuz now he knows the method.

Check my reputation and reg date and check his reputation, reg date and postcount, don't act like an idiot -_-
