Back Story:

So, this happened in October 2017, during a BTC to PayPal exchange

Why did I wait this long to make the report? Only because he had taken a vac ban immediately after and I thought he was going through some problems and would resolve it once he got back. I had this intuition since we had 3-4 successful exchanges before without any problems.

Now, after 6+ months he came online and is reading my PMs but he ignores me. So, I believe it's time to make a DD so he isn't able to scam other people.

Looks valid to me. The accused is online now, looks like no reply from him.

Unfortunately people tend to vac ban themselves after scamming in hopes that when they come back, it'll be blown over.

Glad to see it's not this time.

Thanks for the support. I kinda had faith because all the previous deals were legit. But now I guess I misplaced my trust.

User contacted me, we have few friends in common.. exchanged 250\$ BTC deal went smooth.
Not sure what's up and why it took you 6 months to open deal dispute but that sucks

I see Excuse actively exchanging but completely ignoring my PMs and this report.

Stooshy - September 14, 2018, 6:12 am
He has told me that this is a misunderstanding between you both after I bought the AGC from him.
Sorry, this happened to you OP.

No this is not a misunderstanding. Why didn't he try to contact me or respond to my PMs then?

And thanks for the support! I really appreciate it.

Gluteus Maximus - September 27, 2018, 6:10 am
Excuse is actively posting and trading. He put me on his ignore list again.

True. I have no option left to stop him either.

Gluteus Maximus - December 15, 2018, 8:36 am

User is still actively dealing on the marketplace!

Gluteus Maximus - January 6, 2019, 8:43 am

Bumping this up! Still wondering why he isn't even trying to resolve this report.

Excuse, if you're reading this PM me, please.

Gluteus Maximus - January 12, 2019, 9:34 am

Still waiting for this to get resolved!

gore - January 12, 2019, 1:39 pm

It's interesting that he has no other open/unresolved reports and a pretty decent B rating, yet he's owed you money since 10/2017.

Makes you wonder if he's just building his rep up to scam someone else again.

Exactly! I'll keep bumping this up.

Looks like it. I'll go make a community alert now.

Effexion - January 15, 2019, 10:25 am

I don't know how someone can blatantly ignore another and continue trading admist all of this. Well, it looks like you're not going to get anything back. Not sure how a communtiy alert would fare as I think a contract is required these days and I'm assuming they are newer than 6 months.

Good luck, OP.

Yes, it's unfortunate that this deal happened before the contract system was put in place.

Thanks for the support!
