Got the 25\$ package and I will admit I didn't expect him to be so quick. Once the payment was taken care of it only took him around 15 minutes to setup everything. As he stated he provided a crypt and the file received 0 detections. Also to test the setup he gave me 110 bots which was a really great start to everything.

10/10 service keep it up ?

Can you make a turn-key setup? I bought here in the next topic Bible but until I got the goods. I'm interested in installing + uploading bots plus your servers. So I just went to your panel and worked quietly. How much is it? How can I contact you? Can I send you a private message?

Nice,
It's so easy to setup this bot.

McKenzie - May 21, 2018, 10:42 am

OP answered the questions I had and also gave some recommendations. I purchased a setup as well, waiting for completion and once done I'll update this post with my feedback on his service.

Hackism - May 21, 2018, 5:59 pm

you will setup the latest Neutrino (with all plugins) for \$5 ? i highly doubt!

flowsizer - May 22, 2018, 11:18 pm

Do not trust this seller. He has scammed me for \$205. He will not answer any messages and will not deliver a working product. Avoid working with this seller. Gave a outdated net, no crypt, bad server, cannot deliver a single bot.

NOT TO BE TRUSTED

So why didnt you tell him to buy that server why you taken the 200\$ for yourself and the rip off him?

darkvendetta1 - May 23, 2018, 11:06 am

ive already written to you yesterday 24h after buying the offshore server, which i never recieved, no
answer both on hf and on discord, you surely read my messages.

nevertheless this experience pushed me towards finding my own hosting... which can be found at

very low price...

also seller was trying to make me buy bulletproof hosting at 200 usd from him, which i declined. he insisted that you need expensive hosting to host 1k bots, when on ALL HOSTING PROVIDERS FOR A WEBSITE WITH 1K DAYLY CONNECTIONS A SHARED HOSTING IS FINE, just as the seller of my botnet/miner told me....

so fuck you pajeet

Astro.x - May 23, 2018, 5:38 pm

Currently not to sure about OP, bought a offshore and setup from him yesterday and currently have yet to get a response since i paid him... He hasn't blocked me on Discord but simply just doesn't reply after getting 35\$ btc.. Kind of annoyed that i expected something that I'm assuming I won't be getting?

you guys have been scammed, op took my money and has not replied after 2 days. Open a scam report

McKenzie - May 24, 2018, 7:56 am

It's been five(5) days since I paid for a setup and this seller has yet to deliver. Two days ago I was told on Discord :

Code thehook - Last Tuesday at 15:55

My apologizes bro, I've been so busy, I give you my word I'll do it todsy

Here I am two days after this message and I still didn't got what I paid for.

For what it seems, given word worth nothing for this seller.
