Thread: [Free Steam Game on Humble Bundle](#)

Performer - May 10, 2018, 11:51 am

I thought I'd share this deal currently running on Humble Bundle.

I haven't played the game myself, but the ratings look pretty good. Might as well snap it when it's free, right?

Was about to share this when I saw this thread.

As a bonus, the [Humble Store is also giving out stamps for their spring sale](#). Just visit their site daily. for the next 5 days and you'll receive two games - Millennium: A New Hope and Whispering Willows.

You'll have to be logged into your Humble account for it to register.
