I think you need a certain amount of posts before you can have a signature. Correct me if I'm wrong..

I recommend [this one](#). I've used their exchange service before they have lots of vouches. :)

Yo if you need a trusted member for an exchange. PM my bro Neat

He is pretty trusted you could exchange with him but I don't think he take Paypal from new members. But if you got a verified Paypal you could try but i can't guarantee you.

No, normal members can have sigs. However they need l33t to put images in them.
