Vouch for OP.

As I've mentioned I've bought the second copy.

OP showed me the method (he was very patient with all my technical difficulties), showed me one of his accounts that was used for the method (with the amount spent matching the one from the thread), we've created an account, I've added the ads and now waiting to get first impressions (should be today or tomorrow).

Definitely worth the money

Legi0n - May 19, 2018, 8:35 am

I have not seen the method , but an adwords account which had spent 1.5K \$ on ads.

Also I saw big G was asking for an alternative payment method as they could not charge this one. So he dint pay anything for those ads other than what he spent on the method.

Last 4 remaining..

Goodluck to all

Legi0n - May 24, 2018, 7:07 am

I am really surprised people are paying above 1k for this method.

Would like to get mentored by them on how to make money.

Regards

sourdiesel87 - May 24, 2018, 10:52 am

Well the thing is, it works. So Yes you are paying 1k for a method, but you are getting a method to spend \$1500 per account. so.. I mean with 1 account you are already getting your value in spending. Now on top of that... if you are even HALF decent at marketing, you can make a nice return with that kind of spend.

DaGlobalElite - May 24, 2018, 10:53 pm

Tell me one thing , if campaign is running well , person is getting more then 3000\$ on single account

and is able to make multiple account

If person makes even 5 accounts then its more then 15K\$

Secondly people sell adwords account with 450\$ limit at 100\$ and are out of stock aways so accordinly a single account will be 650\$ in that way .

no my point isn't if it uses hacked credit cards. blackhat activity doesn't always involve hacked things. SE can be considered hacked. if google were to go after you will they be able to take you to court.

I bought this from him a while ago and it never worked. The vcc he was reselling us stopped working. He wouldn't refund or give updates. I wouldn't trust him.

8BallPoolKing - November 14, 2018, 5:19 am

This is not a vcc method , so you never bought it , so dont post bullshit here .

sourdiesel87 - December 11, 2018, 9:37 am

I've bought from you before and the method didn't work and you simply closed your sales thread once everyone started complaining. How do we know this won't happen again?

sashav - December 23, 2018, 11:24 am

anatho - December 23, 2018, 4:33 pm

8BallPoolKing - December 24, 2018, 7:04 pm

Well i am not intrested in selling , but as i see a member has accused me , i am ready to show a few working accounts with more then 1000\$, between 1000\$ to 5000\$ spends on teamviewer to 1 trusted member

I have been working with Google Ads for a very long time and especially with these churn and burn accounts. If you are interested then I would take a vouch copy. Thanks.

kremlinboss - December 28, 2018, 4:59 am

do you still sell the method? or are you looking for a JV partner?

I'm Jv partner with 3 people for google ads.
This account must be studied 24/7 for the good ROI.
I can't send a private message. Let's Skype?

There is no way to get a threshold without using VCC or what I am using, the only other payment method. This is a god find if real but unfortunately it is not.

Sir.Business - December 29, 2018, 11:06 am
