Thread: [Where would I sell a championship Riven account?](#)

Envv - May 15, 2018, 4:13 am

Unranked, been placed once in gold 5. Is ebay the way to go? Only other way I can think of is asking friends but they all broke.

Ice - May 15, 2018, 1:24 pm

Is it the original one, or the 2016 one?

If I was you i'd get it ranked, gold/plat and then try ebay probably.

Might want to check if you are covered by eBay in terms of virtual goods if you plan on selling there. Sell it on any internet marketplace. Here, other forums, PlayerAuctions, etc.

Considering getting it to Plat 5, would it boost the value by much?

Player Auctions might be a good shout, going to take a look now! Cheers homie

Worst case scenario is if someone fucked him over on ebay he'd just recover the account back I guess?

I would say so yeah (especially on ebay, people who buy the accounts on there are usually hardstuck low elo and just wanna buy a decent ranked account)

Considering a CS riven roughly sells for \$115-130 currently, by how much value do you think it would add roughly? The account is pretty shit, 40 ish champs, but 24 legacy skins.

I'm not really sure how easy it is to recover accounts back once you give them all the details but if ebay doesn't protect you against chargebacks then they will just do that.

I doubt it. Most people that buy League accounts now just buy them to use as smurfs. If people want high elo accounts they will just buy a boost. I personally wouldn't bother.

Have no idea right now, Only knew prices around 2/3 years ago, but it would definitely be worth your time getting it there probably, even paying for a boost to P5 you'd probably make more money by selling it at P5 with that skin

TBlake - May 17, 2018, 7:19 am

I would sell it at Player Auctions that where I buy my accounts.

Allsaint - May 24, 2018, 2:45 pm

If i was you id try sell on either player auctions or ebay both have very small amounts but are safe.

Frankey - May 26, 2018, 2:47 am

You can sell your account on PlayerAuctions or sell it to accountwarehouse.com for example. I believe they just buy your account and sell it them self.

kushkaripordhi - May 27, 2018, 8:48 am

How much are you selling it for? I'm looking to buy an account.

Katsuki Bakugo - July 8, 2018, 4:42 pm

just do ebay bud I read it is the original one which means it'll go for quite a good amount !

samiel - July 9, 2018, 1:32 pm

I think ur best option is PlayerAuctions.

Tupp Tupp - July 23, 2018, 5:59 pm

try playerauctions or other forums

noEint - July 24, 2018, 9:21 am

I used playerauctions before and i have all good words about that site.

Unfortunately this skin isn't that rare anymore. People got it from the crafting thing ...

I think you're confused.
