this brother gave me neg rep but I am not sure why it happened . I do respect everyone feedback but there should be a valid reason for that isn't it .

I have raised few question about my query for post and some opinions but I dont expect this should happen .

still I will try to make my image better in near future brother .

I saw you earlier and wondered the same thing. Some people walk around with rep dick, slapping those who can't slap them back just because they can. Don't worry about it, you'll get green soon enough if you're a good fit for the forum.
