Thread: [Legalize It Award](#)

Neodraxis - May 18, 2018, 1:06 pm

Just curious to know if it's possible to purchase more than one "Legalize It" award or was it just given to some users for some special event for free?

Noticed some users have more than one.

Thanks.

You could buy more than one at 420. Maybe it'll come back next year :)

Ah, I see. Hope so, would love to stack that award up.

Is there a max amount one can have?

Well, let's just say I'll be buying as much as possible when this option is released again.

Are there any other stackable awards by the way?

I believe you can buy multiple. I saw one member with like 10 if I'm correct :-).

You'll have to wait till next year and that is if Omni decides to make it stackable again.

You can buy Master Donator and GA they are stackable.

Yeah there was no max, but you can only create 3 coinpayments transactions every 24hr so you had to wait for those to confirm, then buy the next 3, etc.

Omniscient - May 18, 2018, 2:27 pm

You'll just have to wait another 11 months. :)

Not only that you could buy the award as many times as you like.

It was on discount as well from \$50 BTC to \$25 BTC. :D

I was a bit too late to see the sale but it didn't stop me from getting a few more.
