Description

Member offered to sell me (4) \$100 physical amazon giftcards and after sending the \$260 BTC member refused to send me the gift cards and blames me for him exit scamming so he won't send a refund or the gift cards. Most of the chat was about nulled but regardless I am talking about buying his AGC purchase on HF.

Proof of purchase + blocked after paying

Can confirm the user MCROYAL is a scammer, he had been trying to offer extremely good rates for exchanges for the past week and told everyone he was "closing sales in a few days".

I suggest banning him immediately.

This is the user that's been scamming HF users on nulled?

Looks like he's done it to a lot of members. Confirm that he is a scammer.

yeah sadly thats how HF operates. They don't get involved in deals on here and tell you to rely on the reputation in order to make the best judgement when making deals.
