Neodraxis - May 21, 2018, 11:40 am

PMed all the users above. For others...

Initially, I never had a portfolio setup because I was waiting for my site to be intact. Recently, my hard drive crashed corrupting all my files, therefore, I only have minimal work to show.

Minus9 - May 21, 2018, 5:30 pm

Get me some portfolio and prices sent.

So for a sales thread design, around how much are you asking for?

i love bald girls - June 28, 2018, 12:02 pm

Prepaid this guy \$250 for a bunch of work, did around half of it then claimed he needs to "earn \$250 before I can complete your work". In what world do you live on where you can put work I already paid you for on hold so that you can go out and look for new work? Even after I asked for a refund for the remaining funds he still just told me to wait, it's been around 3 weeks now and he still hasn't completed it.

One of the first negative experiences I've had on this site after being here roughly 8 years, would not recommend anyone work with him.

Why don't you response to all the dispute you're in?Because he's guilty as fuck. I paid him for ~2 jobs, he completed them, then when I paid him for 10 hours of work @ \$25/hour he just stopped responding after around 5 hours of the work was completed. I truly don't understand people like this, I was consistently paying him for work, upfront too, and he'd rather just scam me for a measly \$125 rather than have a consistent customer.
