Let me know, good luck!

I have received a vouch copy.

The method is simple and straight to the point, no fancy bullshit and useless motivational quotes like other ebooks there.

It could be more detailed and provide some tips but it is easy to understand and honestly, there's not so much more to add.

There are no requirements, only a smartphone and some time.

Will set it up and see how it goes. Hope to make some money soon ?

quick update

Sadly I'm getting problems with the method because I have an Android phone so it's harder to apply this method.

So make sure to have an iOS device or you can try to workaround on Android, but for me it's hard.

Gluteus Maximus - May 22, 2018, 6:58 am

So, does it require talking to people over the phone? I'd like a vouch copy if you deem me worthy.
Thanks!

You can choose to not take PayPal as payment, and choose something else :)

well that would diminish my chances to 30%, because paypal is very easily available. so is amazon.

But how do I push it, it there a cracked Snapchat out ?

SIM-3503423 - August 22, 2018, 4:30 am

Interested however, I only got an android, not an iphone. For all I know, ewhoring on SC with android isn't ideal unless you got an iphone

That is true, iPhone would be much much easier. Rooting and/or using bluestacks emulator is definitely possible.
