Bro, site is down. also nice your still here tho :D

hudaklaci - May 27, 2018, 3:27 am

Hello! Patches directory is empty, so RGBuilder freeze. :(

majorl0bbies - June 3, 2018, 4:40 am

Can anyone confirm this works? Also once I do this I should be able to go back to freeboot?

LoudyDoudy - June 6, 2018, 3:24 pm

Thanks for this domo much needed <3

hi dude. can you share xdksetupxenon21256.17.exe file please? ;D

vectrac20tsri - October 10, 2018, 2:20 am

Thanks for the link, after switching from 17150 rgloader to the 17489 you can no longer boot the nxe dash, is there a fix for that?

Bailee - October 10, 2018, 10:38 pm

Thanks for this domo you always come out good

Void_lsl - November 5, 2018, 9:51 am

Does this actually work considering there is no shadowboot xboxromw2d.bin ?
