8/8 - \$10

But in all honesty, I'd sell you items that would buy 8/8 for cheaper than \$10 if you wanted to do some merching.

Nonetheless, let me know.

Yeah, I usually go for about \$15 but at the moment i'm looking to get rid of stock and all of these items were acquired easily so it's no biggie.

I'm considering proxy selling the cracker I use if you would be interested- let me know.

If you mean proxy selling, I wouldn't mind, but TBH my posting is very sparratic. Because of that, I would be ok with something like a small percentage of profit from people that go through me or something.

I'm sure I could whip up a signature and such pretty easily

Almonds - July 5, 2018, 11:01 pm

Stock still for sale, and growing.

why bother proxy selling? You have a higher rep, higher b-rating, higher rank
