Hi guys! Me and my business partner have been having a real hard time thinking of a good name for our company. We are opening a marketing company for the local businesses in my area.

Please use <https://www.namecheckr.com> to ensure the domain .com is available.

You will win \$200 if the social medias and other .net.org domains are available.

If you have a really great suggestion you are also free to Pm me it. Please just post that you messaged me!

.COM MUST BE AVAILABLE.

This contest is open to ALL members and I will payout to the person whose name I choose to use.

Payment can either be in PayPal or cryptocurrency. But you will pay the conversion fees as I will be using an exchange here on the forum.

Let me know guys!! Win some extra cash for next month!!!

Anyway, just posting to confirm that OP paid and this wasn't one of those contests where the OP disappears completely never to be heard from again.

Good luck with the project OP and hope business goes smooth!
Cheers,

"Media Promotion Group"

MPG for short.

"TownName- business -promotions"

So if you lived in Kansas -

Kansasbusinesspromotions

Or like

DigitalMarketingMedia (DMM)

Webandpromotiongroup or webandpromotionservices

There are plenty of variants.

Wrench_ - June 6, 2018, 12:27 am

i checked with over 6 websites to make sure this name is valid:

CrI-MarketPlace.com

Im not totally sure why i added the CrI
but it has a nice ring to it

"CRL MARKET IS GREAT!"

"Have you tried looking in CrL?"

playerjones - June 9, 2018, 8:55 am

My Suggestion -

- 1- trademedz (All available)
- 2- YourArea Name + Media/Marketing etc
- 3- nativemarket

NoSuchAgency - June 10, 2018, 12:20 am

This ends soon guys! Don't miss your chance to win

spyrosia - June 10, 2018, 3:13 am

Have you tried Redskins?

I'm sure that will attract a lot of customers

Yin Yang - June 10, 2018, 8:12 am

Here are a couple that I thought of:

Socialmediaboomer
A1socialmarketingagency
Socialteampro
Watchyourplatformgrow

Also, I'm not sure if your domain is geographic specific. Many businesses today are locally operated and serve specific geographic areas, and including this information in your domain name can help make your website more locally relevant.

Prettykitty - June 10, 2018, 12:45 pm

LetMeGrowSocial
WidenReach
TrickleSocial
LightmeupSocial

I don't want to go public with the name yet till we are able to register it in our state.

Sorry!

I didn't really like any of the publically chosen names. The decision was between xanpa and rebellion, but xanpas name suited us best.

It was a pretty tough call to make. We made a list of every name we could consider from the submissions, and over an hour and a half narrowed it down and discussed for each name to get the one that best suited us.

I have paid xanpa his money! Thanks so much for everyone who submitted entries!
