Thread: [Broad vs NTCrypt](#)

th3Mistery - May 28, 2018, 2:17 am

Hello,

I would like to get informations about Broad and NTCrypt, which one is the best and why ?

inyourmemory - May 28, 2018, 4:55 am

I'd say NTCrypt would be better

Haha, okay..

If you say so :)

PerfectStorm - January 30, 2019, 7:22 pm

I actually have not tried either of these. But im sure you can browse the threads and see what people are saying.

ask for recent scans

Don't worry, Broad is garbage.

And not for sale for public.

Public crypter are elite top notch 100% FUD :)

Who you selling to then? NTCrypt is relatively exclusive (as in, it's \$500 so not many people are buying) I'd love to scan runtime a stub of your crypter on maybe Smoke Bot / AZORult :)

Yep, enjoy it :)

No tnx, unless you have an invite from one of the subscriber..
Then we can talk.
Not here to do any sales.

No buddy, I am not interested in buying your crypter! Simply asking for a stub so I can runtime scan yours vs NTCrypt. Or maybe you can send me a scan from Dyncheck / Run4me with Internet On + 280 secs? ?

I'm not interested on your offer neither.
Why would I hand out a private crypter/stub to you?

What's there to prove?
Broad had been around for a long time
And you ain't my buddy.

Ask aquatico where he came from and who trained his sorry ass?

No problem, you bumped this thread of the debate: "Broad vs NTCrypt"

I am offering a solution - let me runtime scan a crypted file from each Broad & NTCrypt.

If you aren't interested, no worries.
Just says a lot ?

Come back to me.

kauf - January 31, 2019, 4:14 pm

dont even go for Broad crypter you will regret buying it. have not tried NTCrypt so be more careful
reading what those seller post. 20\$ crypter is far more better than them

this passive aggressiveness is killing me.

Why would anyone want to buy your crypter when you act like little child?

seal - January 31, 2019, 10:16 pm

I know The Old Warrior very well and aquatico very well
aquatico use to sell for TOW anyone on his forum know this aquatico can never be better then
TOW he train him and i am 80% sure TOW is the owner of aquatico crypter or made it for him i
remember when TOW was looking for someone to resell for him aquatico apply for the job
and i think i made TOW sign in IMAO

I'm sure \$20 crypters are elite :)

No argument..

Enjoy them. I'm not selling neither.

Don't kill yourself for misreading it.

How was that aggressive? That is meant to end a conversation.

You think i'll sit on my ass and argue to a 10-15 year old kids?

People can think what they want. I give zero fck about it.

Simple as that..

Haha, you were the one who doesn't know how to use the crypter?

EGGG - February 1, 2019, 9:09 pm

i've used broad crypter backdays , i'll give anyone the source code of broad crypter with 1000000 FUD stubs if he can find me a better one ! ?
some will say that TOWs problem is his arrogance

If

The Old Warrior wasn't a little bit arrogant

Then

the problem would be in his coding

End

?

Good luck doing your shit TOW
, DAH0U ?

Both broad and NT are arrogant. Nether seam good due to their lack of respect.

Define arrogant?

Is it arrogant to decline a person ?

Just because they don't like the rules I made and they can't get the things they wanted.
That doesn't fall into an arrogant category.

Its simply having a rules.
The rules that kept Broad solid for years..

I can't change nor bend a rule just because they think they are special and deserved a special treatment.

bawsyfell - February 6, 2019, 1:33 am

hahaha the old warrior has been around for a while.. and his crypter has been one of the best around.

and . u hardly see noobs going for broad crypter...

broad crypter for me .

because its stays fud much more than ntcrypt.
