Thread: [SCAMMED \\$500 BY Sheeple \(UID = 2658075 \) \(UNRESOLVED\)](#)

Zayn. - May 28, 2018, 3:37 am

Wanted to exchange my \$500 BTC for \$560 PP.

Payment:

<https://blockchain.info/tx/17e1ea5c7ec1f5f9b9df35432fb5354554146e3fb05f946b4b84d6f7c64ebd27>

Proof of address:

Profile: <https://hackforums.net/member.php?action=profile&uid=2658075> (UID = 2658075)

Sent the payment over two days ago and he still hasn't checked any of my PMs regarding the deal, even though he has been online several times throughout this period.

I hope this gets resolved as soon as possible... ?

Why're so many people exit scamming around this time?

Hopefully, Sheeple has an explanation. Best of luck with the dispute.

Thank god I only had \$500 at the time, otherwise he could've scammed me for \$2000+.

So unfortunate to hear this my man, looks like he just took the exit scam route but I really do hope this somehow gets resolved for my favorite exchanger <3

Sad to see that anyone would value their literal reputation at \$500. Hopefully this gets resolved.

Potluck - June 9, 2018, 9:37 pm

I'm sorry for your loss that's a decent amount of money that's why I would never do a deal over \$100 no matter how trusted they are.

Meow - June 9, 2018, 9:48 pm

Best of luck resolving this, seems like a lot of members are recently getting scammed in currency exchange section ?

UpTheCrust - July 16, 2018, 6:56 pm
