Thread: [Sell Amazon Web Service \\$5000 Credits](#)

Blu3Dream - May 30, 2018, 7:17 am

I am selling a top up to \$5000 to your AWS account (for this you will have to give access to your account to be able to top it up)

The price of this will be \$1200 but I am accepting offers. (not whiling to sell less than 10% of the value of the credits)

We can use a middleman for this as it is a big transaction.

Also will be offering accounts with the credits already in there but will be more expensive. +10%

Please mention how these credits are obtained

I got tired of answering this to people that only want to know how to get it.

I will only answer costumers that are really interested in buying this.

You are not able to get this unless you got access to do this.
