Thread: [What's your motivation for wanting to make money online?](#)

Strictly - May 30, 2018, 5:36 pm

My motivation to make money online is so i'll ever have to work under anyone. In my whole entire life I've only worked an actual job for 1 whole week. The rest has been all on the internet. How about you guys?

IM is just what I do best. I can make a lot more online than I would at any job and have a huge flexibility. I would only ever get a job if I was broke, but the job would only be to fund another IM journey. The trick is to have multiple sources of income and finance well.

I agree, don't get how people can be fine with having someone telling them what to do all day.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
