Gimmie's Voice-Over Service

First of all, why would anyone pay for a voice-over? Well, there could be a number of reasons. It doesn't matter. I will do a voice-over for anything. The main reason, is for CPA/PPD. When people upload videos convincing people to do their surveys (conversion rate) A video commentary goes a long way when persuading someone to spend time doing your surveys. This service is mainly for people whose english isn't their first language, people who don't have a good mic, or people who just don't like doing their own voice overs. I can guarantee you my voice overs will increase your conversion rate.

Why choose me over some professional narrator on some other website? Well I've been in the CPA/PPD business. I know what to say and how to say it. People who do voice-overs professionally generally sound extremely suspect/fake in your videos. It's obvious to the user you paid someone to read a script. Me? Well I know how to sound genuine and convince someone to do your surveys without going overboard and making it sound like it's completely scripted.

I am currently accepting paypal.

Prices are negotiable depending on the time it takes.

* I can either have my own words for the narration, or you can give me a script. It's up to you.

I will be giving vouch copies to upgraded members
