Anyone know the cheapest site to buy games from? That is also legit? XBOX ONE/360 games.

<https://www.g2play.net/x1-games/>

Are these guys legit or is there someone better?

For the PS4 they usually give stolen accounts, I am pretty sure it's the same for X1

I have accounts with 20-30 different games for less then 10 bucks, all you need to do is set as your home xbox.

g2a.com check this out, they have some cheap legit codes

Gushyz - July 3, 2018, 1:12 pm

I know of 2 g2a.com and cdkeys.com

Roun - July 3, 2018, 11:06 pm

I always use g2a. Seems like the best place that I know of
