After I made a simple test campaign to check if it working.

You told me I can't change anything or add new campaign beacuse I will get instant ban. So I have one shitty ads showing up. Thanks for telling me this so early ?

So basically I didn't have any ads.

I can send you back money for RPD (10\$) and VCC (1\$)

@about cb

Ads did not show up for a week. And you ignored me that's why I made CB.

8BallPoolKing - June 28, 2018, 11:13 am

Before Handing over the account it was told that only one campaign can be added
<http://prntscr.com/k0i07i>

So you were informed about same before adding up the campaign

Also You did not waited for the week u made the dispute the same date

Asper your post you told u made a test campaign
But you were told you can have only one campaign .

<http://prntscr.com/k0i07i>

And this was informed to you prior to handing over the account

Secondly you stated u waited for a week before making the charge back but you did it the same date

<http://prntscr.com/k0i10l>

You confirmed you will cancel it when ads shows up

<http://prntscr.com/k0i2jz>

But you did not .

You even confirmed you will do it as u reach home

<http://prntscr.com/k0i30z>

But u did not and instead u blocked me

Also if you had problem with same why you agreed to pay me when ads show up?

You never told that problem you just said you will pay me the rest and cancel dispute once ads show up

So RPD and VCC Well Instead of having the expenses Back which not even 10-20% of the amount of transaction i will let the dispute to be open up here so members can read about same and can also read the counter arguments you have posted .

To resolve this you will need to send me the amount you owe me .

I have more then enough customers to verify that my method worked at the point it was sold to them

Infact if my method was not working i would have never been able to create the account i sold him?

BITCHLESS - July 1, 2018, 10:40 pm

You are so immature, spamming every my thread with this scam report.

You also wrote to me 90\$ is nothing and you don't care about this XD but now you spam my Skype, threads etc. I can give you money back for VCC and RDP. Because it's your full investment in one

account.
