Thread: [Sports betting money making method](#)

YANDEL - June 6, 2018, 3:51 am

Hi to all. After months of trial and error, wasting time and money, i have discovered a method to have income with sport betting. Risk is almost 0 (You have to be very very unlucky to pick one Lost) . Last month , It was tested over 342 matches, with only 4 fails. Sadly i have 0 ability to edit and etc... So is a simple PDF , but im sure You Will make money. Of course need a investment and the profit You want depends on the money You invest. With 100€/\$ You can earn 90\$€ easily in a month , with 1000€/\$ You earn 900 and etc... I Will sell only 20 copies 25\$€ price , since i don't want bookie to delete the specifical market we use or drop the odds. Im selling the method because i need money to bet myself. If You like sport betting and you are tired of losing, this is your opportunity. I am able to give 1 vouch copy . Telegram @raulgopa

As someone who takes sports betting very seriously and has done it every single day for the past 3 years I can say that this is a scam.

blackhatterinpink - June 10, 2018, 5:32 pm

Does it involve arbitrage?

Coindergaps - June 10, 2018, 5:38 pm

You've lost 4 bets out of 342 ? Uhum, okie

YANDEL - June 11, 2018, 4:22 am

This is not a scam. And nothing to do with arbitrage. Please Contact me on Telegram since im not Active here. And why rate this without checking if is true ir not?

I have received a vouch copy from Yandel and here is my review of his ebook:

1. Clear & concise instruction on which sport to bet on for his strategy to work.
2. This strategy is most certainly unique and I have not seen it posted elsewhere. Not even on gambling forums.
3. He offered me support via telegram.

For the price of \$25, I would definately recommend his strategy as the failure rate seems to be small, avoidable & recoverable.

Thanks for the review mate. Doing 1/2/3 bets/day, is almost impossible to fail. You have to be fucking unlucky.

Up i Wil sell for 15\$ for confidence. It is worth more.

podster - June 15, 2018, 5:10 pm

Does this work for all sports?

So if I start with \$100 I'll make \$90 profit at the end of the month?

So with that \$100 if I bet everyday I would only be making a couple of dollars a day?

Is an specifical Sport and market. You can do as much as you want, because You can bet any amount and unlimited number of matches. Alrtough, if you place 100 bets/day there is a bigger % of catching a fail, while with smaller number of bets, Risk is almost 0. Hope i explained well.
