Thread: [Get iOS 12 Beta for free right now \(no developer account, no public beta\)](#)

crispy - June 6, 2018, 9:59 pm

I'm sure you guys know how to do this already, but anyways. Really easy to do, good for you people without dev accounts :) Enjoy!

Be careful with beta versions, as they run high risks of bricking your iPhones. Also, many apps will not work on beta since they might not have the proper app structure ready for a new iOS.
