Hey, CheytacModder's! First off: Happy birthday! Secondly, I just want to let you know: I am doing this competition. I am writing a tutorial as we speak. As far as I see, there is only one person other than me who actually did this. The rest just asked for l33t or are Ub3rs. In any case, if you can hold off judging for about an hour, my tutorial will be done by then. Thank you! ?

Braco Asshole - August 3, 2010, 10:31 am

If this thread is going could you buy me ub3r? BTW happy birthday.

Sir Ender - August 3, 2010, 10:48 am
