BlobbyPixel - June 9, 2018, 5:27 am

Hello guys

I decided to sell this amazing method

because it's working and why not

I got more then 3 accounts with the skull trooper skin in them

It's actually funny how easy it is to get them

They are not full access obviously but you can always make them full access

The ebook has a tutorial on how to get the accounts and how to make them full access

You can also quick buy it through selly: <https://selly.gg/p/1083979b>

Btc/Paypal Only!

Have an amazing day :D

PS *It's not a cracking method

Does this include cracking?

sHAY - June 9, 2018, 8:32 am

Are you giving away any vouch copies? If so let me know, if not, bets of luck with sales.

Outlaw. - June 9, 2018, 8:33 am

Most probably a cracking method.

I received a copy of this method, I can say that it will work. There are some trial and error and you'd need some patience to get something really good. However the method works.

Riyu - June 9, 2018, 10:35 am

Anymore vouch copies?

If not glws

BlobbyPixel - June 9, 2018, 11:08 pm

You can now buy it with paypal!

Why lol when it's leaked?

Just a thought. I wasn't going to buy now that 2 people have had problems, but you seem chill and the issues were resolved.

Looks like you should rework your method to start again with reselling. Sorry this happened.
