Good work and congrats, you can always tweak what you do in ewhoring to ensure greater and more stable profits just a tip. Also make sure to learn how to weed out time wasters etc.

What's your best method to introduce your buyers to amazon gcs? A lot of people get discouraged

To Bitcoins.

1. Privacy. Tell them you only see their name in the gift card email.
2. If they have a girl, she won't question amazon orders.
3. If they ask why you need it - say you buy shit for family/friends and they give you moola.
