Big vouch for OP. Dont let him not being an upgraded user scare you away! OP is extremely talented at what he does.

Was able to make me a avatar in no time; and even added requests when asked! ?

Razw is probably the quickest graphics guy I've ever hired so far. Probably because he had the time, but it means a lot for me.

Quick response and fast delivery. I asked for a photo manipulation, and he delivered within 1 hour once he understood what I needed.

Thanks Razw!

Sincerely,
Shamba11a
