FIRST OFF, THANK YOU:

I just wanted to personally say thank you to all of you who participated in the first and second annual HF time capsule's and for making them both such successful events here in our community. None of this would have been possible without the HF community so again, a huge thank you to all of you. Let's make the third event even bigger and better than the first and second! To whoever didn't get the chance to participate in the first or second event, now's your chance! ?

SECOND, IN LIGHT OF THE REP RESET:

I thought that this would be a perfect time to bring back the annual Hack Forums time capsule. I was originally going to post it during Christmas time like I usually do every year, however this year I missed it. But, in light of the rep reset I figured that this would be a good time for all of us to enter in our profile stats as of now so that in one year from today, we will all be able to see how much we've grown over this year. (Thread will be created today on 6/11/18, thread will be closed on 7/11/18 giving you all one months time to enter, and then reopened & bumped on 7/11/19 next year). I'm very excited to see how this year is going to turn out for the HF community and I'm sure you're all curious as well. ?

Hello and welcome to the third annual Hack Forums Time Capsule!

The purpose of this time capsule?:

Every time you change your avatar, signature, get a positive/negative rep, receive a warning, get banned, gain an award, or increase your post count, your profile changes. It can be stats, appearance, anything. What this thread will do is create a place for you to save your past profile data such as what I mentioned above. I mean, who doesn't like seeing how their account has changed over time? Plus, due to the reputation reset now is a perfect time for you to log your profile stats/data so you can see how much progress you've accomplished over this next year.

How it will work:

What you'll do is go to your profile, take a screenshot of your profile, and then come back here and

post that screenshot in the format that is provided below. My job will be to copy the post ID of your screenshot and paste it into a list in the OP so that it's easy for you to find. The list will also be in alphabetical order to make it even easier for you to find your screenshot. This thread will close on July 11th, 2018 (one month from now) and will re-open on July 11th, 2019. When I re-open the thread it will be bumped so that everyone will be reminded of this time capsule, and then rinse and repeat next year. ?

Relax leave Cooligans high quality thread out of this but If you're gonna + rep php might as well get me too.

My favorite one is me with 1500 rep an 500 posts of all my old profile screenshots though Cooligan.
