Thread: [My friend wants to make LGBT flags and put them around town](#)

Scriph - June 11, 2018, 8:02 pm

So you know those little white market flags? Well my friend has a bunch and wants to make LGBT flags and put them in people's yards

Neither of us are LGBT or have some huge support for them but it's a funny troll

What else should we put on them? Weed leaves?

Hell yeah brother epic troll

That's a pretty gay idea. I think instead you should give me some rep.

If I post LGQBT flags around my town, can you rep me?

Mean ass. You didn't have to hurt my feelings.

P.S. could use some +3 reps to make me feel better after the regular member assaulted me.

Sounds pretty gay man, you should just go on a forum and troll gays instead

I would definitely not waste my time doing that ha, I mean most people in my town wouldn't even know what that is and it seems like a lot of work just to get all of the flags and last but not least I'm not gay.

Anything to piss off old white people eh?

DrDoof - October 17, 2018, 2:09 pm

I for one would be pissed if someone put one of those disgusting flags on my lawn so you sure would get a reaction if you do

Don't do it though, fuck LGBT
