Negged hmu back with some green love.

I know we had LQ reputation before but canned "Gucci Gang Gucci Gang Gucci Gang" is some next level shit, omni is really trying to tell us that reputation dont mean shit.

I mean there's no real point complaining since our opinions don't mean anything apparently. Since it's pointless now might as well take the opportunity to hold a record for something.

+3'd all of you guys above on this page.

It's actually kind of shitty that the people who worked hard to get above 1,500+ rep (which is no easy task) gets it completely wiped. It's complete bullshit. Also with the new introduced rule of "you can ask for rep" makes this website seem so stupid right now.

Yeah I would rather them be removed entirely if this is what they are going to be like. Oh well might as well take advantage of it while we can.

It's actually mind-boggling. I know Omni makes good decisions, but sometimes he can make bad ones, and this is clearly one. Rep doesn't mean fucking shit anymore, and even the scammers can get high rep now. I don't know what he was thinking. stupidest decision I've seen in all of HF since I've been here.

A quick couple reminders.

1. We don't allow LQP on HF. So if you're making a thread asking for rep. It will get closed and you'll be warned. Thread may get junked too.

2. If you're making requests for reps via posts in random threads this is also LQP. In which case again you may get warned or even banned for doing so.

These are existing policies already. Obviously we allowed members to blow off some steam the past 12+ hours but get it under control. The LQP stops now.
