Deal was created on 06-09-2018, before the Contract system got in place, excellent timing as always from me .-.

Proof it is his address:

He also states I will receive a receipt, "straight away". Bullshit, it's 3 days further and I haven't received a single update on the process, nor have I received a receipt of some sort.

User has been reading my PM's, is online, creating threads but not responding to my PM's.

I've been through something like that before with another person on HF. Hate to say this but you'll probably won't get anything back.

That's what reputation reset does.

Now you don't know with who to deal with, who trust and who do not trust.

Scammers can scam more now.

I hope you get your money back, but as I can see he has several disputes up on his ass.
