Vouch for my main man Phantom, got some HQ methods up his sleeve.

Looking really interesting, think I am going to go ahead and give this a purchase in the near future. ;)

Appreciate the suggestion, my goal is to promote 100% legitimate and honest reviews in hopes of a fresh start to the new marketplace. For this reason I will not be handing out vouch copies, instead we will wait for REAL customers to drop REAL reviews. In hopes of seeing this happen sooner I have provided a launch sale discount and we are beginning to see our first wave of customers!

Seems to be an issue with the password protected file for Mac users, sorry to hear that you've been having trouble opening it. I've gone ahead and contacted you to resolve this issue for you and all future Mac users, thanks.
