this is the worst feedback I've ever seen, it's not even a feedback.

Incorrect feedback is always well written if put inside of a giant jpeg image. The anime girl standing at the window obviously means "look at that river, so majestic as it flows into the near-by lake. What am I doing with my life? Might as well log on to hack forums again, nothing better to do". User your poverty english will be missed, and you did seriously name off some people that seem half-ok. Take care.

Shame to see such an old member go. Good luck with whatever you persist of next

Nuworld - June 13, 2018, 2:36 am

I must say this has to be one of the best threads i have seen.
Very well played out and written.

Good job! ?

However don't let these small changes recently made to the forum make you want to leave.
If anything, Take a brake/Vacation i see better things coming in the near future for Hack Forums.

Eagle 95 - June 13, 2018, 2:40 am

Overall solid design, too much anime for my taste. Japanese and Tsundere will love it tho.

Take care.

Mr Kewl - June 13, 2018, 2:42 am

Good job with the thread mate. Great design. Hope you do well with your life ahead.

Meow - June 13, 2018, 2:43 am

Upload your thread design to Cubeupload or Vgy. Imgur compresses the quality.

Take care.

Darkwin - June 13, 2018, 2:48 am

Best goodbye thread ever.

Bluffer - June 13, 2018, 12:38 pm

Nice feedback thread.

I wish some members who request closure would just log out and come back when they are ready. 90% of the time they end up regretting it and want to come back.

I aint even surprised, HF is literally revolving around asking and giving rep right now.

People who need to make up for their lacking personality need to spend all day getting a lot of rep to feel like they are someone.

I thought it was fun at first asking and giving rep, but holy the amount of UB3Rs who will remove their rep and then rep another L33T for their reputation. L33T's can't remove them.

How you condone this behaviour regarding the repping is beyond me.
