Description

I asked #Doge for a complete package for my group, I paid \$ 500 but the same day I paid him and he confirmed that he got the money, he left the forum.

I know he is a well-known designer of the forum, and I do not understand why he did this and that's why I open this dispute, I've been waiting for him to reconnect since 06-03-2018 (11 days), which was when he left the forum and he received my money.

Proof

<http://prntscr.com/juwyxa> (I sent he he money)

SIM-1589588 - June 14, 2018, 6:41 am

DamienVC - June 14, 2018, 7:18 am

I have his personal email, were you just contacting him on-site?
Used him for multiple group graphics in the past.

TheChi?f - June 14, 2018, 7:19 am

He has scammed several people in teh past before and takes a lot of time to reply.

I tried to contact him by Discord and by Skype, looking for his means of contact in the forum, but there was no luck.

a disgrace to all doges!
how dare he.

i used to like his work too.
why did he scam u well never know.

lets hope hell come back!

XXXTenacion - June 14, 2018, 7:59 am

Looking at his post history he has had many times he disappeared for a month or so but when paid 500 bucks there is no excuse you shouldn't have to wait over a week for some graphics this is total bullshit and this is the downfall of only being able to use crypto it's a double edged sword either you allow pp and you can chargeback on bullshit like this and risk getting charged back on or you only allow crypto like forum is now and if scammed you have no hope but to beg the person that scammed you for cash back.

It's straight b.s.

Drop me a PM and I'll send you his email or if you want me to remind him to get on Skype/HF/whatever.

La Vida Loca - June 14, 2018, 9:09 am

Doesn't he have like 5000+ scam reports open lmao?
Remember him scamming me for \$60 design service ?

Anyway I'm sorry you got scammed, he's a little cunt really

Wires - June 15, 2018, 2:25 am

That's #Doge all over. Was meant to use him once, he sent me his payment address, and then never came back on for ages. Just as well I didn't blindly send the payment as my response was a follow-up question about his services. His a great designer, but fuck does he disappear a lot.

Crystallize. - June 15, 2018, 3:22 am

What an idiot. Why he accepts payment if it takes time to do it without notice?

I am sorry about this Kawen, this is totally my mistake for recommending him. This surprised me.

Space• - June 15, 2018, 5:59 am

Hey buddy we already talked about this in PM, but nice to see you made the dispute :)

Hope this will get resolved :/

C99Cheats - June 15, 2018, 8:37 am

Damn bro, this thread needs some attention so he wont do this shit again.

;/

Ram - June 15, 2018, 8:39 am

Cancer people on this forum, sorry it had to happen to you :(

DenizZ - June 15, 2018, 10:16 am

I don't understand why he would scam for graphics. Just make them and deliver xD.

I hope you get your money back.

DENIZ - June 15, 2018, 10:31 am

I seriously don't get this. I have been in the design business too and 500\$ is an insane amount just for graphics, especially when it's for a HF group.

What a fucker. I hope you get your money back, sorry for your loss bro.

Elitas - June 15, 2018, 10:49 am

I just messaged Doge and got in contact with him.

He seemed genuinely surprised and had forgotten about the whole thing.
I hope he resolves this now.

NatiskameGi - June 15, 2018, 3:30 pm

Maybe he is taking drugs? If it's so easy for him to make 500\$, he can most likely leave them aside which is wrong lol

It's the key to beautiful designs.

Electrons - June 16, 2018, 8:57 pm

Wow. Even someone as nice you gets scammed. I know you didn't open this for the money. Shame, the holiday is needing users to scam. hope you get what you are looking for.

Stop Spamming the Thread now. Let's wait for #Doge to resolve this.

He made many Orders for me in the past and he's talented like no one else here.

I am sure this will be resolved soon.

Where is he spamming??? He just said he contacted Doge? How is that a spam?

Indeed he is talented but this is sketchy as fuck.

Designer - June 17, 2018, 5:35 pm

Receives \$500 and leaves for 2 weeks without notice. Sketchy as fuck, legit dispute.

Charger - June 17, 2018, 5:38 pm

It legit takes him weeks to respond. Pretty sure he does a ton of drugs.
Seems like a scam though.

What the fuck are you on about? ? How is it spamming the thread when I have:

Only posted one comment.

Posted a comment which contributes to the thread and is beneficial for everyone.

Anyway, he doesn't seemed to have responded or made any attempts to contact Kawen (from what I have seen). Doge is a cool guy and I like his work too, this is why I'm making an extra effort to get him to resolve this. He hasn't logged on since accepting the money so it was appropriate to contact him and he assured me he would resolve it yesterday.

I'm going to message him again, he claims he's out of town and he should (hopefully) be able to access his account now.

EDIT: This is pretty messed up. I'm getting a lot of heat from random members I've never seen before over me attempting to contact Doge.

They are saying I'm accusing him of scamming and other threatening behavior. What the hell is going on here?

Kenjataimu - June 22, 2018, 9:54 pm

I will give this a bump just because its unacceptable.

Space• - June 23, 2018, 1:34 pm

No, he did not connect to the forum yet and he do not try to contact me.

Pseudo - June 23, 2018, 1:53 pm

That's fucking pathetic. He probably knew you had money and didn't think you would make a dispute. He's pretty dumb from a professional point of view, if he completed the work, which he easily can looking over his prior work, he could have a serious partnership with you. I hope you get this resolved.

The Spamming wasnt meant in your direction at all. I just agreed on your Comment by saying others should stop spamming ?

Ahh I see, this still doesn't change the fact some other random members have been throwing abuse at me over contacting #Doge lol.

Okay, so I just messaged #Doge and told him to post here. Hopefully he will do so, he claims to be getting the graphics done and should be done tomorrow.

I want him to contact Kawen.

Lets see if he will post here.

I feel like turd and I should. Shouldn't have let my personal shit get in the way of this. You've been kind, loved talking to you. It was not in my intention to leave you hanging, I wanted to perfect this for you and I will.

I'll resume and won't stop till I'm done and yoiur satisfied with what I produce.

I apologize for the shit I made, know that it wasn't and still ain't my intention. I love making Userbars and group related stuffs. I hope to get your forgiveness some time after this. Thanks.

500\$ isn't less, even when it's not a big deal for Kawen. It's good that you aren't exit-scamming as you're a really talented designer. I hope this gets resolved asap

I am disappointed in Doge.

SIM-82498 - August 14, 2018, 2:11 pm

Lmao, that's fucked Kawen.

I don't give a fuck if anyone has any personal issues - keep that shit to yourself and save everyone time by not scamming. \$500 for group graphics and you can't even deliver in a sane amount of time, what in the world are you doing? There are tons of more experienced and talented graphic designers that would jump at that deal, yet this fool is playing with people's time.

Kawen - *August 24, 2018, 3:23 pm*

Job completed by Doge, close dispute.
