Man first thing best of luck with sales great service you are offering.

I have a few questions tho:

1. Is it a fixed discount rate?
2. Free WW shipping?
3. Is it illegal?

Regards,
Aztecz.

- 1) All discounts are subjective. I set whatever I want, however they're all pretty fair rates, especially when the orders are larger.
- 2) It depends, but free WW shipping is not a guarantee.
- 3) Absolutely not. Per the Notice section of my thread, the items in question are all obtained legally.

For the time being, SuperStore is on standby, as I am trying to work out a few issues. I will not be accepting any further orders, however, per your request, I can place you in the customer queue for when I continue service.

I will be shipping out Minimalist's vouch copy this Friday, so please keep an eye out for a review of his to follow.

If you have any further questions about the service, or a product, feel free to message me.

Thanks.
