\$1000 Contest The Reputation Contest

Together, a group of sponsors have sponsored upto \$1000 as a prospective prize pool for every participant. Take part in one of the largest giveaways on HF.

This contest will be a chance for participants at winning real money (will be paid in Bitcoin , Ethereum or ANY payment method of choice). If you're feeling lucky, be sure to participate!

Terms:

The grand prize of \$1000 will be split in 10 prizes of \$100 each so the participants have a higher chance of winning.

To be eligible, all participants should do their part (You need to give Positive reputation to all sponsors)and post on the thread after doing so. Everyone will be assigned a raffle #ID. *Positive Reputation needs to be the maximum you can give as per your user-group and needs to be linked to sponsor's posts.

All the sponsors should be repped by each participant.

Multiple posts are not encouraged.

The contest will end in 3 weeks

Random.org will be used for drawing out the winners

Deletion of rep before or after the contest will be deemed direct violation of the assigned contract.

Those who have negative reps on the current sponsors are not eligible to participate

Extra time may be allotted for any L33Ts whose reps are still partially pending (if they intend to participate till the end).

We are expecting minimum 300 participants by the end of 3rd week, If we don't reach our minimum participants target, contest will be cancelled due to low activity and we will doing small giveaways of same total amount in which all existing participants will get added automatically.

Important Notice

I have updated thread with some new conditions as few things were going wrong and we are not able to track reputations as we should have since some participants have already repped some sponsors and they are not updating their reputations. So instead of profile based reputations we have made it necessary for all participants to use "Rate button" and all existing participants will be notified of these changes and needs to follow new rules.

sAVITAR - June 18, 2018, 8:06 am

Repping everyone again, you can give 2 reps this way apparently.
