Thread: [\[TUTORIAL\] Give and get UNLIMITED HF Reputation, Every 24 hours.](#)

? Soufian ? - June 18, 2018, 9:01 am

Hey guys,

I found out this rep system design in MyBB that allows you to double rep people every 24 hours. This means that you can give unlimited rep to anyone you want.

Steps:

Give the user a reputation through his profile (Optional)

Wait 24 hours.

Go to any post that the user has made, and click the "Rate" button to give him another rep.

Wait 24 hours.

Go to another post that the user has made, and click the "Rate" button to give him another rep.

Repeat this step every day for an entire year and the user would have a reputation of 1095

F.A.Q.

Spoiler ([Click to View](#))

What exactly is the logic behind this?

You can only give 1 reputation through someone's profile, this is because you are giving your "opinion" about the user itself.

But what many don't know, is that you can also rate every message that has been posted by that user. Because you'd be giving your opinion about that specific "post" and not about the user.

So with this logic in mind, MyBB made it possible to give someone multiple reputations.

But is it allowed?

Yes don't worry, I have PMed Omni about this and he replied with the following:

Do you have an example?

So this basically means I can neg rep someone everyday?

Yes you can, but I doubt that Omni will appreciate that since it might count as harassing users. So I recommend not to use this for such purposes. Keep it positive and enjoy the green apples. ;)

If you found this useful, make sure to keep this thread alive by posting here so it'll be useful for others. ?

1095? 6 months left to the end of the year, 6 months is approximately 180days. 180days x 2 reps a day is 360reps. Where is the 1095

monstermaash - June 18, 2018, 1:08 pm

Seeing threads like these.. I would understand if the old reputation system was still in tact, but I don't get it why do people still care about reputation..

Because green apples are healthy. ?

Nah but it's not that people care about it, it's just entertainment.

Some of them are fighting for the #1 spot over here too:

This feature has currently been disabled due to the risk of abuse being too high:

I'll post once it becomes available again.

New member seating in a corner eating popcorn (Confused ASF too) ... Hmm... I need to load some bitcoins for sure and kickstart my profile and mop up!!

Carl Elias - June 25, 2018, 2:47 am

I am shocked that he allowed this for as long as he did. I knew it wasn't going to last but It was a feature a lot. asked about. I wish he would at least put a rep button on post that rep just general rep not linked to the post.
