Thread: [How many times can you Rep a user? Double Spend - Need Limit on Post Negs](#)

How many times can you Rep a user?

I been getting attacked by a psycho user. Gave me 2 negatives.

I got 2 neg Post Reps.

Omni didn't mention that on his thread. Was supposed to be only 1 from profile and 1 post rep.

Need a Limit for Negs, you could give a user then. Don't wanna deal with his abuse everyday tbh. Help.lol

Whats the max you could give a person?

From the looks of it, there's no limit to give post rep to a person. Or it's not true?

Multiple times, but I'm not sure if it's allowed on HF.

TB12 - June 18, 2018, 12:47 pm

I didn't know that was possible. Does Omni know you can do this? A bug?

? Soufian ? - June 18, 2018, 12:47 pm

It's unlimited: <https://hackforums.net/showthread.php?tid=5851064>

But not sure if negs will count as harassment.

Well fuck I guess it is intentional. Guess we will see what he has to say about abuse

I mean we all lost rep but who cares haha. maybe its that time of the month for him ?

I actually like that you can rep people for posts/threads AND custom. in case you repped someone before and still wanted to kudos them for a post or thread they made

Hopefully it's only 2 times. If it's more then need a limit on negs then.

"That ability allows you to rep a member twice in fact, once from profiles and once from a post. We encourage you to read our Help Doc for more info."

But I got 2 negs from post rep. One wasn't from profile.

You can get unlimited rep from posts, and only 1 rep from profile.

Yaa, it seems its every 24 hours even on 1 post. essentially unlimited. Not sure if this is intended...

thats with this post, i repped u earlier, i just tried again and gott this.

You've already given this user as many reputation ratings as you can for today.

Check the timestamp from that last rep you've given him, and rep him again at that timestamp or later the next day. (24 hours)

Silent Uprising - June 19, 2018, 4:19 pm

Yea OP he negged me twice as well. Idk why lol.

Sonder - June 19, 2018, 4:26 pm

Wow that's unique. I guess I should get back to reading updates threads. I didn't know that was changed. It's a whole new world here on HF.

Omniscient - June 19, 2018, 11:11 pm

MyBB are dumb-asses. The settings conflict. I'm going to have to review the code and figure out what I'm going to do.
