HQ Mania
Losing On HQ Trivia?
Not making easy money?
Well look no further

HQ Mania teaches users how to win easy and quick cash by just playing the game. Included in the method is my setup and how I win 30+ dollars a day by just playing a game.

Some of my earnings:

Q&A

Q: Does this require investment?

A: No, but you can invest money based on how serious you take the method.

Q: What are the requirements?

A: A phone, wireless connection, a brain, and the HQ app. Must live in UK, US, or DE

Q: What does this teach me?

A: How to win HQ and make extra money

Q: Is this just using google?

A: No, this is not just googling the answers, as most of them are anti-google.

Q: Do I get support?

A: Yes of course customers will receive support.

Interesting but how do you teaches how win in HQ trivia are you basically gonna give us a bot or tell us to join a discord group?

I'm updating this to cover ALL trivia gameshows as well. That's coming soon

Also working on developing a group for all users of this that can collaborate during games to win cash.

The book is in it's early stages and it's going to end up being a huge guide for multiple services as well as additional methods I have as I test them to make sure they are working

****Honest Review****

I purchased this a couple days ago, played 4-5 times with every suggested method in the eBook and haven't one one single game. (2/4 methods arent working anymore) The extra paid method in the eBook doesn't seem to work anymore as it does not display anything. Seems to be glitched or broken as of now. Not too happy with the purchase so far. Will update if I ever pull a win with this method.
