Thread: [\[ALL MEMBERS \]\[Python\] I Will Help You Complete A Script/Program](#)

Raphant - June 18, 2018, 7:00 pm

Today I will be completing or advancing one or more Python projects from any HF member.

What to do:

Just PM me with your concept/idea and I will get back to you if you are picked.

Disclaimer:I will choose the Python projects at my own discretion. Generally, I will be screening ridiculously complex scripts/programs.

Depending on how I feel I may not complete it, but I will make sure that all of the code is fully commented and make it easy to pick up where I left off.

^ Remember, what may be complex to you may not be complex to me so don't be afraid to ask!

xx 0x0 xx - June 19, 2018, 1:40 am

great service send you message about project now

Raphant - June 19, 2018, 8:50 am

Finished helping xx 0x0 xx with his script.

I am still offering this service. I am a very experienced coder so don't be afraid to shoot your shot.

Can you elaborate (Jun 22, 2018 10:32 AM)powerfullarmy Wrote: [\[CITE\]](#) I want POF bot
Thank You.

Can you elaborate on what you mean? PlentyOfFish?

vpkrg - July 9, 2018, 8:16 am

Better work brother! Appreciating you! Thanks for this. I need a specific bot in my Discord Server. Can you make me for this?

I posted to need a bot in another threads also. If you can do pls PM me / Reply me.
