I can vouch for the seller being legitimate since he has dealt with me in BTC with full payment in the past.

But you are correct, being a proxy seller, I myself would not like to be liable for the codes.

Is this a code for 1 ride? Or can it be added to my balance to use on multiple rides until it runs out?

It's a gift code. It gives you a balance of \$100 that can be used for any amount of rides until the balance runs out

Yes you can stack. I think the limit is 10 codes at onnce. You can also pick which balance you want to use after a ride if you decide to stack.

Guys PLEASE make sure that You have gone through the proper procedure of entering the code in your acct before you contact me saying it doesn't work, it's invalid or etc. VERY RARELY will my codes not work or be invalid. Every now and then someone might get a used code but that'll only be because of a technical error on my end that I will always give a replacement for. Make sure you're entering the code AS IS. No extra charecthers should be added to the code.

He restocks 10-15 at a time, and sells out within an hour haha. Dudes making \$500+/day selling these. I believe it takes time to get the codes so to get 1k codes would take too long, but it'd be an easy \$50k for him hahaha

Codes are obtained through a rare exploit in Lyft. Before me, there was another person who also sold Lyft codes on this forum. Our codes are basically from the same source and there have been no complaints since the codes have been in circulation. (it's been almost a year now I believe).

Have 40 in stock. Get them while they're hot. This is not the Hilton honors credits. You will receive a code that you will redeem. Don't have to give me your phone number or any info.

Thanks.

Rich Brian - March 21, 2020, 1:02 am

Bought a code from him and it worked flawlessly. Stay away from the hilton honors guys. OP's gift codes are safer and better, doesn't steal anyone's Hilton points. Thanks OP

edwin2397 - March 23, 2020, 10:28 pm

If it's free. I wouldn't mind getting a free code to get to the grocery store in hard times like today.

Bear - March 23, 2020, 10:39 pm

BottomNotch - March 24, 2020, 2:02 am

Just making sure, these are clean cards? TOS is wack and I don't want fraud related charges.

I don't deal with anything remotely close to fraud, so no, nothing to do with fraud.

Did I miss out on free codes or something? :(

I wish I could give away for free, some day hopefully.

I can apply bulk discount if you buy \$500+ Btc, not lyft gc worth, each time.

Sweet, can I add it all to my account at once or do I just space it out? I spend \$1200 a month on Uber currently so if you wanna shoot me a PM with reply just in case I don't see this.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Do you have codes in stock? Planning to buy this weekend if it's available. I will need to buy some BTC first though, unless you are opened to other payment methods.

Sophie87 - June 27, 2020, 7:32 am

Hey, are you still selling? I need credit for next week.
