Here's the proof. Guy just straight up ignored me after i sent him the code. He has like 130 rep too. why would someone scam 25\$?

guy probably scammed me cause he knew I was new to HF.

You don't watch reputation number when you do a deal with someone.

There's a business rating, which you should watch.

He's trying to scam everyone, has multiple open disputes.

I'm sorry for your loss OP, but next time investigate who you are anonymously sending money to on a "hacking" forum.
