Thread: [Ways to make money through your phone?](#)

BOBBY TARANTINO - June 22, 2018, 8:55 pm

I have no idea if requests like this are allowed but I do have a job saving for a pc since my laptop went to shit but in the meantime been looking for ways to make money via Mobile device.

Not expecting a 500/week deal or anything but it's been hard hustling for currency on my phone. If any free/paid methods are available I'd appreciate it
