Thread: [None profit support group/ suicide prevention team - Banner & Flyer](#)

TheMedigator - June 24, 2018, 9:44 am

Hi guys,

So I've started a none profit group, some of you may have seen my previous topic regarding why I've done this and such.

I'm really bad at graphics but I've attempted one myself.

I may be willing to pay for graphics for the flyer and the banner depending on quality but would rather keep the money to spend on other things towards the group.

My graphics are terrible I'm aware lol

The Banner (Will be getting seen by 1000s of people as it will be getting held in my local town centre) needs to be 0.6m x 1.8m

And the flyer will be A5

Thanks

(Not so) quick banner concept, things defo need resizing and moving, but it gives you a general feel.

PM me with other changes and ideas you have for it. I could probably throw together a flyer to match.

Once again, Thanks for this buddy!

closing this as I've purchased both the flyer and banner from THEINSPiREDONE one already.

Thanks people!
