Thread: [2011 member looking to Join some Groups](#)

BTB™ - June 25, 2018, 6:41 am

Hi Friends,

Treat this as a second inning for self. ?

I was busy in my some personal commitments. Lot of good things and bad happened in real life.

- Got a decent job.
- Lost my Mother. ?
- Had a kid.
- And certain more up's and down's.

Life goes ON! ?

Guys, I am in to content writing and can help my fellas in writing their threads. I promise to be ON and Active!

Can this old member find a decent group?

?

I suggest you apply to the groups with recruitment threads like everyone else does rather than making a thread asking.

I'm sorry for your loss, I'm happy you got a kid though :)

You don't really seem to have anything to offer, what makes you a valuable asset to any of these trash groups?

You gotta make them want you buddy.
