Thread: [Offering: Un-Paid Internships/Resume Padding](#)

Enronitis - June 25, 2018, 3:08 pm

Saw [Shark's Post](#)

Apologies if this is in the wrong section.

Keeping short and sweet:

I am involved/managing at any point in 3-4 projects a month for legitimate companies.

These can be companies involved in anything from the Porn industry, to Worker's Compensation Law Firms, to Pharmaceutical Companies.

I am always looking for people willing to do random tasks ranging from data crunching, market research, content creation, website design, etc, etc.

YOU WILL NEVER BE ASKED TO DO ANYTHING ILLEGAL.

IN RETURN

You will be assigned an official title (Research Intern, Content Strategy Intern, Business Analyst Intern, DB Intern, etc), and be allowed to put the given Company's Name on your resume with a duration period of between 1 and 4 months. (Or more if you do a lot of work and I approve such.)

Should you require the company as a reference, you will be provided a company e-mail of which you can contact anytime.

I can also provide phone numbers and will act as your personal reference.

This is 100% legitimate and I have no interest in anyone looking to waste time, or skip by doing nothing.

If you are going to use me as a reference, I will of course need to know your full name. Be mindful of that.

Reply or send me a message and I will provide any further information required and we can get started. ?

I will try and accommodate everyone but if responses are overwhelming then I will set-up a queue and pass tasks along that way.

These are real companies, and even simple work does have a deadline so things can progress. I can usually offer around a week for projects that will take at most 3-4 hours.

NLSProductions - June 26, 2018, 1:27 pm

I know I appear to be new but I am experienced and reliable.

If you decide to expand, I would definitely be interested in seeing if there's anything I could do in return for one of these titles.

Blogger - July 15, 2018, 4:13 pm

I'll do this for you. What are all of the titles that you offer?

Enronitis - July 15, 2018, 4:46 pm

I can do just about any title you need- all appended associate and/or intern.
I base it on your interests/focus.

Blogger - July 15, 2018, 6:15 pm

Lelouch Vi Britannia - July 16, 2018, 8:45 pm

Lemon-Haze - July 16, 2018, 9:07 pm

I would be super interested in this, due to my unique circumstances this would be very beneficial for me, heck I'd even be willing to pay you for an opportunity like this. Please HMU with a way for me to contact you, I have no issues with providing you with my info or anything to prove my legitimacy.

splunk - July 16, 2018, 9:09 pm

this is VERY beneficial to me. I need this to show that I didn't skip a summer for internships (looks very bad in my industry).

question though, could I put the title on LinkedIn, or is that too far? thanks so much for doing this

v3rtices - July 16, 2018, 9:10 pm

Extremely interested, contact me ASAP!

Lord Bendtner - July 17, 2018, 12:16 am

Can i get some details for this? Sounds very interesting!

Also, is there any reason why there is a limit to the amount of time you can have the company on your resume? What if you don't need the reference so much as just the experience for padding?

anish001 - July 17, 2018, 12:35 am

Can you pm me more details about it , maybe I can do something . Kindly send me you e-mail and Skype if possible for communicating.

The companies I am giving experience for only usually take Summer/Winter Interns and that's for a period of 1-4 months; with the highest performing interns offered permanent positions in the company.

Being this, I need to adhere to their policies as I am still operating from within the realms of them. Sometimes I am able to extend the time period- or label you as a recurring intern, but that's on a discussion basis.

My Computer - July 17, 2018, 7:32 am

This actually sounds pretty good since I need to buff up my resume. Send me more details please.

Enronitis - July 17, 2018, 7:34 am

Given out a ton of jobs.
