Previous Community Alert about Fake proof

<https://hackforums.net/showthread.php?tid=5850314>

New Thread uses this as proof. I mean fair enogh rite looks legit and all. Lets question a few things. Why is the money in Canadian Dollars, yet bank account is USD. Another weird thing is that Him and MaxoKream, who uses the exact same styling and proofs have the same bank account. Both of them use CAD Irl, and both have the same bank, Hmm both fucked up photoshop

MaxoKream Thread

Notice something different, yeah they are missing a Full stop on this new account. Notice missing \$ on both. Clearly both cant inspect element right. Same textbox on the side of the same bank account HmMMM

Also as you can see on his thread he has this proof:

But as you can see this old screenshot that was posted by Maxo here [>\[ONLY \\$18.99\]](#)
[\[\\$300+/DAY\] >>> ROCKET REVENUE <<< BEST AUTOPILOT METHOD \[FAST PROFIT\]](#)

The savings has the cents on the second image but not the second.
Also on the picture of the Mac in the sales thread the math is wrong.

CAD: \$400

USD: \$2,554

Balance is \$2,954 not \$3.6k
