Thread: [Need Cheap KVM Server](#)

FCC - June 26, 2018, 5:02 pm

I need a cheap KVM VPS. It can be linux or windows, whichever is cheapest.

what sepcs of server you want?

FCC - June 26, 2018, 7:56 pm

Something small, 1 cpu, 1 gig of ram, and about 20 gigs of storage. Won't be used for anything heavy.
