Thread: [Won 0.1 btc on a jackpot! | here's the story of a poor guy winning a jackpot.](#)

vaxton - June 26, 2018, 10:06 pm

so.. i was out of money, needed some more to buy a keyboard + headset for my new gaming pc.
i deposited 25\$ to yolodice.com (everything i have left) , i started playing hoping that i can reach 125\$ so i can buy the keyboard and mouse!
it was 7AM morning and i couldn't sleep all night, trying my best to make some money to buy them!
suddenly, a window popup in front of me telling me i won a 0.1 btc jackpot... i couldn't believe it first, though im drunk or dying.
i saw the chat being spammed by all the players saying congrats @vaxton and wow and winner of the day!
i started getting crazy and couldn't believe it, i saw that my balance is 0.1BTC and ready to withdraw.
here's the withdraw: [WITHDRAW](#).
here's the pic of the chat when i won: [PICTURE](#)

now im gonna buy a headset + a keyboard and a new desk.
ill finally post the picture of my new gaming pc!
